Azaleas getting proper treatment by Charlie Dennis, field superintendent, and another 12 year supervisor, Rudolph Brady.

MULTIPLE BUDS

Many varieties of Tankard Azaleas are notable for their clusters of buds instead of individual flower buds which are normally produced on plants in some other sections. These clusters give that full flowering effect so much desired in Azaleas.

Located on the Famous

Eastern Shore of Virginia

Where "Heaven and Earth Meet" in the words of Capt. John Smith who described this land as the best suited for man's habitation of any of the many places he had been.

THE OLD HAND AT THE NEW STAND

"There is no substitute for experience." Sam Tankard, Jr. of the Tankard Brothers has been in the Nursery business for 31 years. He and brother John give close supervision to growing good stock and careful attention to filling your orders.

In 1946, they established the present nursery at Exmore, Virginia and now have a large stock of the finest of ornamentals with which to serve old and new customers.

Tankard's is not the largest nursery in the country, but it is one of the best.

The Eastern Shore and the Del-Mar-Va Peninsula have become a great nursery center. Come and find all your wants.
